Dr. Chandranath Bal
Lecturer in Vyakarana,
O Death! not for my heart’s sweet poignancy
Nor for my happy body’s bliss alone
I have claimed from thee the living Satyavan,
But for his work and mine, our sacred charge.
Our lives are God’s messengers beneath the stars,
To dwell under death’s shadow they have come
Tempting God’s light to earth for the ignorant race
His love to fill the hollow in man’s hearts,
His bliss to heal the unhappiness of the world.
For I, the woman, am the force of God,
He the eternal’s delegate soul in man.
My will is greater than thy law, O Death;
My love is stronger than the bonds of Fat:
Our love is the heavenly seal of the supreme.
I guard that seal against thy rending hands.
Love must not cease to live upon the earth;
For Love is the bright link twixt earth and heaven.

International Journal of Applied Research
Lust brings tension; Love brings relaxation. 
Lust focuses on the part; Love focuses on the whole. 
Lust brings violence; Love brings sacrifice. 
Lust demands; Love commands.*******

Love is strength. Love is greatest power on earth.*** 
True love is non-possessive and brings freedom, 
And renunciation is nothing but freedom. 
Only in freedom can love fully blossom.

Only in freedom can love fully blossom.

...
Within his bending sickle's compass come;

Love alters not with his brief hours and weeks,

But bears it out even to the edge of doom.
8. Love has nothing to do with someone else. It is all about you. It is a way of being. It essentially means you have brought sweetness into your emotion. If a loved one travels to another country, would you still be able to love them? You would. If a loved one passed away, would you still be able to love them? You would. Even if a loved one is not physically with you any more, you are still capable of being loving. So, What is love then? It is just your own quality. You are only using the other person as a key to open up what is already within you. Inner Engineering - By Sadhguru, page - 65
